Clockwise from top: Carlisle Wide Plank Floors' new Winter Light option brings Zen to any room; the Pooch Merlot mosaic tile design from Artaic; coral pillows in a variety of patterns from Thibaut Design at The Martin Group; sit pretty in pink with the Harper chair in Kingdom Parade printed fabric accented by a pillow in Prisma woven fabric with trim in a peony Lenox tape, also from Thibaut Design at The Martin Group.

The Martin Group

Founded in 1988, this family-owned business carries numerous brands, including Thibaut Design, which just launched its new line Thibaut Tapes & Trims. The collection includes six patterns, all of which incorporate different decorative elements and textures like embroideries, appliques, printed patterns and pleats. martingroupinc.com

Carlisle Wide Plank Floors

Just in time for spring cleaning, Carlisle Wide Plank Floors adds four new floors to its existing collections inspired by the ebb and flow of the natural world. Options span Ocean Sand, an 8-inch brushed white oak that has a hint of white and minimal sheen to create a look of raw wood; Winter Light, another 8-inch brushed white oak that replicates the soft shimmer of light reflected on a quiet winter day; Forest Path, which features an 8-inch smooth white oak with understated medium brown tones and a subtle, rich sheen; and Snow Drift, an 8-inch brushed hickory that mimics the subtle color changes from light hitting surfaces in a snow drift—think a medium white stain that softens the color contrast usually prevalent in the wood. wideplankflooring.com
