ALL THE ANGLES

Wall coverings have come a long way and can add a unique perspective to a room. From grids to diamonds to circles, these offerings add geometric design and modern flair.

BY DIANE FALVEY

Painterly multi-colored diamonds add dimension to a room with York's Wynwood Geometric SureStrip wallpaper. Available in four colors. Shown: Blue. www.yorkwallcoverings.com

Goldendale from Juju Papers is a hand-printed wallpaper collection at once geometric, abstract and luxurious. Made from local forest wood rubbings rendered in opulent metallics. Available in other colorways. Shown: Gold on Charcoal. www.jujupapers.com

Artaic's Herringbone 2 tile is part of the company's Quad collection. This porcelain tile, which can be customized in color and mosaic configurations, is a durable alternative to wallpaper. www.artaic.com

Solitaire from Carlisle & Co. features authentic natural silk triangles, forming a field of subtle geometry when placed against metallic foil backing. An array of color and gentle texture soothe the palette to an elegant shimmer. Eight colors available. www.carlisleco.com
